The subscriber agrees to indemnify and hold harmless SiteFuel from any claims resulting from the use of service which damages the subscriber or any other party.

Prohibited are sites that promote any illegal activity or present content that may be damaging to SiteFuel' servers, or any other server on the Internet. Links to such materials are also prohibited.

Examples of unacceptable content or links:

Pirated Software

Hacker programs or Archives

Warez Sites

NOTICE: IF YOUR ACCOUNT IS FOUND TO CONTAIN ILLEGAL ACTIVITY, ILLEGAL MP3 FILES, PIRATED SOFTWARE, HACKER PROGRAMS, WAREZ PROGRAMS, OR ANY OTHER ILLEGAL FILES, YOUR ACCOUNT WILL BE TERMINATED IMMEDIATELY, WITHOUT NOTICE, AND A € 15,00 CANCELLATION FEE WILL APPLY. ADDITIONALLY, SITEFUEL WILL NOTIFY THE PROPER AUTHORITIES OF YOUR ACTIONS.

Traffic Usage

All account plans come with a predetermined amount of traffic allowance. We monitor all accounts and bill € 1,00 for each gig of traffic exceeded. This amount is not prorated, meaning that 1 mb - 1 gig will be treated and billed as the same.

Criminal/War/Textbased Games

SiteFuel does not allow Criminal/War/Textbased Games on its servers due the huge load they cause.

Server Abuse

Any attempt to undermine or cause harm to a server or customer of SiteFuel is strictly prohibited. As our customer you are responsible for all your accounts. Should you violate the Terms of Services outlined within, your account will be cancelled without chance of refund.

Refusal of Service

We reserve the right to refuse, cancel or suspend service, at our sole discretion.

All sub-networks, distributive hosting sites and dedicated servers of SiteFuel must adhere to the above policies, with the exception of system resources in respect to dedicated servers.

Billing

By the Account Activation Date of each month, SiteFuel shall either:

(1) debit the client's credit card (when such information has been provided by the client);
or

(2) deliver, by e-mail or regular mail, an invoice in accordance with the applicable Service Fees for services rendered for the current month. When an invoice is delivered to the client, payment shall be remitted to SiteFuel by no later than the specified payment due date. SiteFuel shall be entitled to immediately terminate this agreement for client's failure to make timely payments. You will be provided with an invoice on a monthly basis. All credit cards are billed automatically on a monthly basis. It is the client's responsibility to ensure that they have sufficient credit to cover this transaction. In the event that there is insufficient credit, we will send an e-mail notification, at which point we will need to be provided with another credit card account number within 24 hours. If we do not receive a response within 24 hours, the account, and all accounts under that account plan, will be suspended.

Service Fees

Certain services carry a setup fee charged by SiteFuel to client, which must be paid by client in order to have use of said services. If client terminates this agreement, client shall be responsible for any and all outstanding fees owed to SiteFuel and agrees to pay any and all fees incurred by client. Because the services are provided on a monthly basis, the client will be responsible for service fees incurred each month, regardless of when client provides notice of termination. Thus, for example, if the client provides notice of termination on the 15th day of a particular month, the client will be responsible for service fees for the entire month, and such fees will not be pro-rated or refunded.

Money back guarantee & refund policy

We do not generally refund cancelled contracts. For example, if your contract is quarterly and you request a refund after two months, no refunds will be admitted. No refunds are issued for setup charges, add-on charges, domain-registrations, add-on purchases, SSL certificates or overage charges. In case of AUP violations, any and all refunds are forfeit.

Account Deactivations

Any account deactivated due to non-payment will require a reactivation fee of € 5,00 prior to reactivation.

Cancellation Refunds

We DO NOT refund partial monthly fees to accounts. We require 30 days notice for a cancellation.

Refusal of Service

We reserve the right to refuse, cancel or suspend service, at our sole discretion.

Limitation of Liability

SiteFuel shall not be responsible for any claimed damages, including incidental and consequential damages, which may arise from SiteFuel ' servers going off-line or being unavailable for any reason whatsoever. Furthermore, SiteFuel shall not be responsible for

any claimed damages, including incidental or consequential damages, resulting from the corruption or deletion of any web site from one of SiteFuel ' servers. All damages shall be limited to the immediate termination of service.

Acceptable Use Policy

Revision date: 19-03-2008

As a provider of web site hosting and other Internet-related services, SiteFuel offers its customer (also known as "Subscribers") and their customers and users the means to acquire and disseminate a wealth of public, private, commercial and non-commercial information. SiteFuel respects that the Internet provides a forum for free and open discussion and dissemination of information. However, when there are competing interests at issue, SiteFuel reserves the right to take certain preventive or corrective actions. In order to protect these competing interests, SiteFuel has developed an Acceptable Use Policy ("AUP"), which supplements and explains certain terms of each customer's respective service agreement, and is intended as a guide to the customer's rights and obligations when using SiteFuel' services. This AUP will be revised from time to time.

One important aspect of the Internet is that no one party owns or controls it. This fact accounts for much of the Internet's openness and value, but it also places a high premium on the judgment and responsibility of those who use it, both in the information they acquire and in the information they disseminate to others. When subscribers obtain information through the Internet, they must keep in mind that SiteFuel cannot monitor, verify, warrant or vouch for the accuracy and quality of the information they acquire. For

this reason, the subscriber must exercise his or her best judgment in relying on information obtained from the Internet, and also should be aware that some material posted to the Internet may be sexually explicit or otherwise offensive. Because SiteFuel cannot monitor or censor the Internet, and will not attempt to do so, SiteFuel cannot accept any responsibility for injury to its subscribers resulting from inaccurate, unsuitable, offensive or illegal Internet communications/

When subscribers disseminate information from the Internet, they must keep in mind that SiteFuel does not review, edit, censor or take responsibility for any information its subscribers may create. When users place information on the Internet, they have the same liability as other authors for copyright infringement, defamation and other harmful speech. Also, because the information created is carried over SiteFuel' network and may reach a large number of people, including both subscribers and non-subscribers of SiteFuel, subscribers' postings to the Internet may affect other subscribers and may affect SiteFuel' goodwill, business, reputation or operations. For these reasons, subscribers violate SiteFuel policy and the Service Agreement when they, their customers, affiliates or subsidiaries engage in the following prohibited activities:

Spamming:

Sending unsolicited bulk and/or commercial information over the Internet. It is not only harmful because of its negative impact on consumer attitudes toward SiteFuel, but also because it can overload SiteFuel' network and disrupt service to SiteFuel' subscribers. Also, maintaining an open SMTP relay is prohibited. When a complaint is received, SiteFuel will investigate and shutdown the account that is SPAMing. A € 250 charge for violating this policy will be charged to the person initiating the SPAM. Furthermore SiteFuel reserves the right to prosecute for this violation. A € 1,00 charge will be assessed PER EMAIL sent should SiteFuel choose to pursue and prosecute.

Audio/Video Streaming:

Audio/Video Streaming is not hosting friendly. As such, SiteFuel does not allow any streaming of audio or video content. Offending accounts will be suspended without noticed or terminated.

Adult-Oriented Content:

SiteFuel does not allow adult content and will suspend/terminate any offending account.

Large File Policy:

SiteFuel is not for file hosting and distribution - as such, customers may not host any files larger than 300MB in size that are observed to be available for the sole purpose of download. Such files include but are not limited to .ISO, audio/video files, .EXE files. If you are unsure whether your file is against this policy, please e-mail support@sitefuel.eu.

Obscene Speech or Materials:

Using SiteFuel' network to advertise, transmit, store, post, display, or otherwise make available child pornography or obscene speech or material is prohibited. SiteFuel is required by law to notify law enforcement agencies when it becomes aware of the presence of child pornography on or being transmitted through its network.

Defamatory or Abusive Language:

Using SiteFuel' network as a means to transmit or post negative, defamatory, harassing, abusive or threatening language.

Forging of Headers:

Forging or misrepresenting message headers, whether in whole or in part, to mask the originator of the message.

Illegal or Unauthorized Access to Other Computers or Networks:

Accessing, illegally or without authorization, computers, accounts or networks belonging to another party, or attempting to penetrate security measures of another individual's system (often known as "hacking"). Also, any activity that may be used as a precursor to an attempted system penetration (i.e., port scan, stealth scan or other information-gathering activity).

Distribution of Internet Viruses, Worms, Trojan Horses or Other Destructive Activities:

Distributing information regarding the creation of and sending Internet viruses, worms, Trojan horses, pinging, flooding, mail bombing or denial of service attacks. Also, activities that disrupt the use of or interfere with the ability of others to effectively use the network or any connected network, system, service or equipment.

Facilitation a Violation of this AUP:

Advertising, transmitting or otherwise making available any software, program, product or service that is designed to violate this AUP, which includes the facilitation of the means to spam, initiation of pinging, flooding, mail bombing, denial of service attacks and piracy of software.

Export Control Violations:

Exporting encryption software over the Internet or otherwise, to points outside The Netherlands.

Usenet Groups:

SiteFuel reserves the right not to accept postings from newsgroups where we have actual knowledge that the content of the newsgroup violates the AUP.

Other Illegal Activities:

Engaging in activities that are determined to be illegal, including, but not limited to, advertising, transmitting or otherwise making available ponzi schemes, pyramid schemes, fraudulently charging credit cards and pirating software.

Other Activities:

Engaging in activities, whether lawful or unlawful, that SiteFuel determines to be harmful to its subscribers, operations, reputation, goodwill or customer relations.

As we have pointed out, the responsibility for avoiding harmful activities just described rests primarily with the subscriber. SiteFuel will not, as an ordinary practice, monitor the communications of its subscribers to ensure that they comply with SiteFuel's policy or applicable law. However, when SiteFuel becomes aware of harmful activities, it may take any action to stop the harmful activity, including, but not limited to, removal of information, shutting down a web site, implementing screening software designed to block offending transmissions, denying access to the Internet, or any other action deemed appropriate by SiteFuel.

SiteFuel is also aware that many of its subscribers are themselves providers of Internet services, and that information reaching SiteFuel's facilities from those subscribers may have originated from a customer of the subscriber or from another third party. SiteFuel does not require its subscribers who offer Internet services to monitor or censor transmissions or web sites created by customers of its subscribers. SiteFuel reserves the right to directly take

action against a customer of its subscribers. Also, SiteFuel may take action against the SiteFuel' subscriber because of activities of a customer of the subscriber, even though the action may affect other customers of the subscriber. Similarly, SiteFuel anticipates that subscribers who offer Internet services will cooperate with SiteFuel in any corrective or preventive action that SiteFuel deems necessary. Failure to cooperate with such corrective or preventive measures is a violation of SiteFuel policy.

SiteFuel will not intentionally monitor private electronic mail messages sent or received by its subscribers, unless required to do so by law, governmental authority or when public safety is at stake. SiteFuel may, however, monitor its service electronically to determine that its facilities are operating satisfactorily. Also, SiteFuel may disclose information, including, but not limited to, information concerning a subscriber, a transmission made using our network, or a web site, in order to comply with a court order, subpoena, summons, discovery request, warrant, statute, regulation or governmental request. SiteFuel assumes no obligation to inform the subscriber that subscriber information has been provided and, in some cases, may be prohibited by law from giving such notice. Finally, SiteFuel may disclose subscriber information or information transmitted over its network where necessary to protect SiteFuel and others from harm, or where such disclosure is necessary to the proper operation of the system. However, SiteFuel will never sell information to other services or outside companies.

SiteFuel expects that its subscribers who provide Internet services to others will comply fully with all applicable laws concerning the privacy of online communications. A subscriber's failure to comply with those laws will violate SiteFuel policy. Finally, SiteFuel wishes to emphasize that, in signing the Service Agreement, subscribers indemnify SiteFuel for any violation of the Service Agreement, law or SiteFuel policy resulting in loss to SiteFuel or the bringing of any claim against SiteFuel by any third party. This means that, if SiteFuel is sued because of a subscriber's or customer of a subscriber's activity, the subscriber will be responsible for payment of any damages awarded against SiteFuel, plus costs and reasonable attorney's fees.

We hope this AUP is helpful in clarifying the obligations of Internet users, including SiteFuel and its subscribers, as responsible members of the Internet. Any complaints about a subscriber's violation of this AUP should be sent to support@sitefuel.eu.
